Obstetrics and Gynecology

*Nancy C. Chescheir, MD
Editor-in-Chief*

*Hal C. Lawrence, III, MD, FACOG
ACOG Executive Vice President and CEO*

Dr. Rajendra Prasad Government Medical College, Tanda has made its mark in the field of research at the international level. On 27th of April, 2014 in Chicago US, Dr. RPGMC has been awarded the prestigious **2013 Harold A. Kaminetzky Prize Paper award** in the field of Obstetrics and Gynecology by the American College of Obstetrics and Gynecology. The doctors who conducted this award winning research include **Dr. Shashank Shekhar (presently at AIIMS, Jodhpur), Dr. Chanderdeep Sharma, Dr. Sita Thakur, and Dr. Suresh Verma.** Their research was judged the best research by a non-US researcher in the world. The research team proved in a randomized controlled trial that an oral drug Nifedipine was more effective in lowering blood pressure than the injectable Labetalol in cases of hypertensive emergencies in Pregnancy. Principal, Dr. Anil Chauhan congratulated the research team for their outstanding work.
